

PREMIUM SERIES

3265

1/2 HP Chain Drive
Garage Door Opener

RUGGED RELIABILITY AND EXCEPTIONAL ALL-AROUND PERFORMANCE.

For consumers who want enhanced style, reliability and the performance attributes of our best-selling drive system ever, 3265 is a must.

Powerful 1/2 HP motor combined with an industrial-strength chain drive provides steady performance and lifting power.

- 200-watt lighting
- Meets all UL325 requirements
- Lifetime motor warranty

ACCESSORIES INCLUDED

Multi-Function Control Panel

The standard in control. Controls garage door and turns opener lights on/off from inside the garage. Locks out radio signals while you're away. Includes adjustable light timer and illuminated oversized push button.

Security+® 3-Button Remote Control

With rolling code technology, you are assured of a new code with every use. Every time you come and go, your code changes to one of over 100-billion new codes, never to be repeated.

At Chamberlain, safety is a major part of our mission. It's our commitment to you and, quite simply, the way we produce products every day. Our LiftMaster® products are designed to move the largest door in your home, safely, securely and by always putting safety first.

CHAMBERLAIN®

LiftMaster®

UNSURPASSED SAFETY AND SECURITY

All LiftMaster® garage door openers are manufactured with the highest level of safety and monitoring systems to ensure safe operation.

- The Protector System® safety sensors reverse the door automatically if the infrared beam is broken, before contact is made.
- Patented technology detects when a door spring breaks and triggers the motor to reverse the door to the full open position.
- Sensing technology will stop the door from closing if contact is made with a person or object.
- Security+® Rolling Code Technology assures a new code is sent every time the remote is used.
- Patented PosiLock® system ensures the door remains securely locked when it is closed.
- Opener light turns on automatically when The Protector System® safety infrared beam is broken.

The in-vehicle universal remote control. See your automobile dealer for availability.

ENHANCE YOUR LIFESTYLE WITH OPTIONAL ACCESSORIES

know for sure the door is closed

Lets you know whether the garage door is open or closed from any room in the house. A flashing red light shows the door is open; a glowing green light indicates the door is closed.

GARAGE DOOR MONITOR (915LM)

enter without a key

Open your garage door without using a remote control and close with just the push of a button. Also can be programmed with a temporary entry code for friends and service people.

WIRELESS KEYLESS ENTRY with SECURITY+® (377LM)

access on the go

Operates up to 3 garage doors. Turns garage door opener lights on and off. Fits on keychain or in a pocket or purse.

MINI 3-BUTTON REMOTE CONTROL with SECURITY+® (370LM)

put control where you want it

For people who want a second control in their garages. A light control button turns garage door opener lights on and off. Auxiliary button can be programmed to open and close a second garage door.

WIRELESS CONTROL PANEL (378LM)

park perfectly every time

The high-tech solution that helps you park perfectly in your garage! As you pull into your garage the laser is activated and projected onto the dashboard, making it easy to park in the same spot every time.

LASER GARAGE PARKING ASSIST (975LM)
