# CANYON RIDGE™

## collection

The Canyon Ridge Collection provides the natural beauty of wood with the durability and low maintenance of an innovative polymer overlay. The end result is an authentic faux wood door that duplicates every aspect of wood's charm and character.

The ½"-thick overlay material is molded from actual wood to replicate its natural texture and intricate grain patterns of Pecky Cypress, Clear Cypress and Mahogany.

Lightweight, durable and very easy to maintain, once installed, these rustic beauties are virtually indistinguishable from the original.

- Insulated 4-layer or 5-layer construction
- UV resistant and impervious to moisture – won't fade, rot, split, shrink, separate, or crack
- Overlay Species: Pecky Cypress, Clear Cypress and Mahogany
- Factory Finish Colors: Walnut, Oak and unfinished (surface can be stained or painted)

AVAILABLE: SUMMER, 2009
