Series One

Series One in the Coachman Collection proves that in simplicity, there is sophistication. Architectural styles such as mission, Shaker, country and prairie-style homes look beautiful with the understated elegance of this classic look. Your choice of rectangular, square, or arched windows provides that finishing touch.

Series Three

Series Three of the Coachman Collection delivers solid good looks, designed to work exceptionally well with today's country French and Victorian style homes. Fully enclosed to provide maximum privacy, with optional cross buck bottom panels and square or arched top sections, this series is the architect's choice for a variety of home styles.

Galvanized Torsion Spring

Corrosion-resistant, long-lasting galvanized torsion springs offer up to a 50% longer cycle life than industry standard springs.

Due to some height and weight restrictions, not all product offerings include galvanized springs. Extension springs do not include galvanized wire.

Construction

- Four layers (steel + insulation + steel + composite overlay).
- Available with 1 3/8" ("C" Models) or 2" ("CP" Models) polystyrene insulation with thermal break for superior insulation value: 1 3/8" – 6.5 R-value, 2" – 9.0 R-value.
- Commercial grade 14-gauge steel hinges for long-lasting performance.
- High-cycle nylon rollers for quiet operation.
- Longer-life galvanized torsion springs.
- Rust-proof, aluminum-bottom weatherseal retainer.

Style and Finish

- Three design series, eleven models.
- Natural woodgrain texture.
- Three hot-dipped galvanized steel base door colors: white, almond and sandtone.
- White custom composite overlay with coped edge.
- Can be painted using a high quality exterior latex paint. Do not paint base door (steel) in colors with a Light Reflective Value (LRV) of less than 38. The overlay (vinyl) should not be painted with an LRV of less than 56. See illustration at right. Contact paint manufacturer for LRV reading.
- Arched, square or rectangular windows in Series One and Two available in single pane or obscure glass. Insulated windows are available as an option on "CP" models.
- Solid arched or square top sections in all series.
- WindCode®: 1 3/8" "C" Models are available up through W5 WindCode and 2" "CP" models are available in W6 WindCode. Some restrictions apply. See your Clopay ProSeries dealer for details.
- Special designs and sizes are available. See your Clopay ProSeries dealer for details.
